## >> PACE - Project Actors Community in Europe

Are you involved in European Projects and interested to improve your **project management** performance? The EU project PACE (Project Actors Community in Europe), coordinated by *die Berater*<sup>®</sup>, takes up the issue of European Project Management.

A high number of valuable tools, training materials, internet resources and other guidance publications have been developed and produced in various LLP projects. However, the take-up and use of these tools by the wider EU project community has not been as great as it could have been, for a number of reasons: they are often hard to locate, they are not regularly updated and the full potential for Social and Multi Media in the dissemination and valorisation of these products is often not used.

PACE builds a Community of Practice of European project actors with the aim of supporting each other by

- collecting,
- sharing,
- further improving

existing tools for transnational project management. Through an interactive communication and learning platform members of the community can share experiences and develop tools in the main topic areas of European project management [Click here](#) to join the **PACE platform** and learn more about EU-project management.

## >> The PACE Platform: Learn-Read-Discuss

[PACE platform](#) is the interactive online PACE community, a virtual place where project managers can meet, share experiences and ideas, find peer support from other project management professionals. The platform gives users access to many support tools, through multimedia, Social Media and mobile learning.

Five main thematic project management areas are addressed:

- Planning & Organisation
- Administration
- Evaluation
- Dissemination
- People Management

The platform is especially designed for **coordinators and partners** of the Erasmus + and Lifelong Learning Programme and other EU-funded projects, who will be able to discover and develop:

- Networking functions
- Authoring tools
- e-Learning
- Online conferencing tool
- Links to other support tools

PACE platform is constantly being improved. [Join the community](#) to give your contributions and discuss new trends! Come and share your project management challenges!
